Mr. Henri R. Carnal/

Dear Henri:

I appreciated your letter of February 24. The points you raise about Cape Canaveral are somewhat outside of my jurisdiction but you can rest assured that possibilities such as you mention would not be overlooked.

I was very glad to hear about your mother but regretted to learn that your father had been ill. When you next write, please give them both our kindest regards.

The Agency is not interested in acquiring any property in Florida, but as you say, I should imagine that with all the activity in that area, values should go up.

Sincerely,

AWD:at
